# Declared certification summary

**DEMO - Cap Bon Food Processing**

Effluent treatment and cold-chain modernization

| | |
|---|---|
| **Sector** | Food processing |
| **Location** | Nabeul, Tunisia |
| **Financing request** | 3,100,000 TND |
| **Workforce** | 165 employees |

**Scenario context**

Fruit and vegetable processing with HACCP procedures, wastewater treatment, organic-waste recovery and refrigeration maintenance.

**Evidence and verification status**

Scenario-declared credentials: HACCP, ISO 9001, ISO 14001. No official certificates, issuer signatures or accreditation marks are reproduced. Actual certification would require independent verification.

**Presentation purpose**

Sector-relevant food safety evidence, water controls and resource efficiency support a balanced assessment.
